MEMORANDUM

To: District Manager, Bureau of Land Management, Phoenix, Arizona

From: Regional Director, Region 2

Subject: Request for Change in Sonoran Pronghorn Recovery Team

Thank you for your September 14, 1988, memorandum requesting a change in the Sonoran Pronghorn Recovery Team. Based on correspondence with Richard Renderton, Recovery Team Leader, we have decided to disband the Sonoran Pronghorn Recovery Team. A memorandum notifying Mark Fredrice of this action was sent on August 26, 1988.

The Cabeza Prieta National Wildlife Refuge will coordinate relevant management and research efforts with all agencies interested in the pronghorn and its recovery. The Refuge will welcome input from the Bureau of Land Management regarding pronghorn recovery.
